II. Mining and Reclamation

1. Was there any mine related activity during the past year? Yes ☒ No ☐
2. If no - what was the last year of activity? _____
3. If yes - how much ore or mineral was mined? 2 Ton 4000 lbs

4. Briefly describe the type of work performed, volume of material moved, and any new or additional surface disturbances that occurred during the past year.

We dug some dirt and Rock from area that was all ready disturbed, we sorted thru about 20 Ton of Material to get 4 Ton of usable Stone

5. How much **additional** acreage was disturbed during the past year? NONE

6. How much acreage was **reclaimed** during the past year? 1/2 ac

7. Briefly describe the reclamation work performed during the past year. This description should include methods employed and an evaluation of the results.

we back filled some of disturbance and sloped to contour of Natural slope, the work was done with a track hoe. the area has revegetated real fast with native plants

8. What is the **total** disturbed acreage of entire project at years end? 1/4 ac

9. Briefly summarize any mining and/or reclamation plans for the upcoming year.

The last couple of years we have not sold much of this rock, so are mining activity is 2 to 3 days a year, we will dig in a small area and back fill as we go, we will keep Dig at 1/4 ac 100x100

NOTE: Section III., "Additional Information" applies only to **large mining operations**.

III. Additional Information - R647-4-121.2 and .3

1. The operator shall include an updated map depicting surface disturbance and reclamation performed during the year, prepared in accordance with Rule R647-4-105.
2. The operator shall keep and maintain timely records relating to his performance under the Act, and shall make these records available to the Division upon request.
